## THE ENCORE 2

a 1<sup>st</sup> CLASS SKI & SNOWBOARDING HELMET

### OVERVIEW

Now certified CPSC multi sport, the Encore 2 has you covered for skiing and snowboarding. We have two popular colors to choose from; **Matte Black\*** and **Matte White\***

### SIZES

Available in **Small**, **Medium** and **Large** with an easy to follow measuring guide to find the perfect fit.

### HARD SHELL

A hard shell helmet is made up of a durable plastic shell that is laminated to an EPS foam liner. They provide performance at a great value.

### VENTILATION

Super Cool™ vents pull cool, fresh air into the helmet while pushing heat and stale air out. By maximizing efficiency and optimizing vent shapes, the collective cooling power of Super Cool vents helps to regulate your core temperature and keep you feeling fresh all day.

### FIT PAD SYSTEM

Our Fit Kit pad system allows you to dial in your fit for maximum comfort. When you get your helmet there will be a pad kit of varying thicknesses that will allow you to mix and match pads to customize the fit of your helmet.

**ORDER FORM:** Your GIRO helmet order form can be found on the second page of this document or online at [www.shawneemt.com](http://www.shawneemt.com), Groups, Club/Multi-Visit Programs

**Discounted Club Member Price.**

# SKI & SNOWBOARD HELMET

*"Wear a Helmet," It's a Smart Idea!*  
 - NSAA / Lidsonkids.org

Dear Skiers & Riders,

Shawnee Mountain has teamed up with **GIRO Helmets** to offer you an affordable deal on a snow sports helmet. This quality helmet is value priced at \$62.00 (price includes tax).

This "Encore 2" Model combines style, comfort and protection and is offered in two popular colors: Matte Black & Matte White (View the helmets by visiting [www.shawneemt.com](http://www.shawneemt.com), Groups, Club/Multi-Visit Programs). Helmets are available in 3 sizes (see order form below).

Your program leader will give you the necessary payment instructions and payment deadline. Delivery of the helmets will take place in December and early January.

### HOW TO SIZE & FIT A GIRO HELMET

To determine your correct size, wrap a soft measuring tape/tailor's tape around your head, just above your eyebrows. The tape should be placed comfortably around your head and not too snug. Make sure you measure the largest part of your head. If you fall between two sizes, you should select the larger size. Our "Fit Kit Pad" system lets you dial in your fit for maximum comfort. **Helmets alone provide sufficient warmth. An additional hat underneath the helmet is not necessary.**

If you have problems measuring or need some quick advice or answers, call Shawnee Mountain's Help Line at 570-421-7231 ext 223. Leave a brief message and we will promptly return your call. You may also email your questions to [kadams@shawneemt.com](mailto:kadams@shawneemt.com).

SHAWNEE MOUNTAIN and the National Ski Areas Association (NSAA) recommend that you educate yourself about the benefits and limitations of wearing a helmet on the slopes. For more information, go to [www.lidsonkids.org](http://www.lidsonkids.org), an informative website produced by the NSAA.

**CUT ALONG THE DOTTED LINE AND RETURN WITH PAYMENT TO YOUR "PROGRAM LEADER"**

### HELMET OPTIONS:

**1) Helmet Size:** Small Medium Large

**2) 1<sup>st</sup> Color Choice:** Matte Black Matte White

Shawnee Mountain reserves the right to substitute the second color choice if the first is unavailable. View the colors by visiting [www.shawneemt.com](http://www.shawneemt.com), Groups, Club/Multi-Visit Programs, Helmet Info.
