

# **THE EDGE** in group ski and snowboard trip programming is at Shawnee Mountain Ski Area

## **SAFETY AND SECURITY:**

Our new lift badge system (now in its 7<sup>th</sup> year) offers enhanced identification of your group members. Should a member become lost or injured on the mountain we can ID them quickly by name, group affiliation and if applicable have knowledge of important medical information.

Communication pagers connect group leaders directly to our Ski Patrol in the event that chaperone assistance is needed (no charge).

## **CONVENIENCE:**

Leaders and members can now go “on-line” in the Fall and sign-up for their rental equipment. No more paper handling or hassle.

No matter what size the group, Shawnee Mountain will preset rental equipment and have it ready for you when you arrive.

## **WINTER SPORTS TEACHING:**

Shawnee Mountain is the only regional ski area to use the “skill station” teaching method for new and beginner skiers. Kids and adults benefit by developing stronger fundamental skills at their own pace.

Again in 2009/ 2010 season, Shawnee Mountain Ski Area will utilize its ultra-modern “Snow-Sports Learning Center” featuring two “Magic Carpet” surface lifts and expansive and contoured terrain that will enhance the learning experience of beginner and novice skiers and riders.

## **GETTING READY FOR THE SEASON:**

Use our information presentation service, day or night to get your members ready for their winter program. Ease concerns of first-time parents who are registering their children in your group.

## **LEADER AND MEMBER AMENITIES:**

Of all Pocono ski areas, Shawnee Mountain’s “VIP Ski & Ride Free Program” for group leaders is considered the most generous.

Members can enjoy inexpensive personal visits by using our early season “Kick-Off” and late season “Come-Back” coupon offers.

High quality name brand helmets are on sale to members at a phenomenal price.
