Please remember that we require you to bring a change of clothes, diapers, & wipes. These are items that we don't supply in the nursery.

If your child will be eating lunch we must be notified by 11:30a.m. Lunch is served at 12:00 p.m. We serve a hot feature from the lodge or a Peanut Butter & Jelly Sandwich.

Nursery Policy

Please remember that we require you to bring a change of clothes, diapers, & wipes. These are items that we don't have in the nursery.

If your child will be eating lunch we must be notified by 11:30a.m. Lunch is served at 12:00 p.m. We serve a hot feature from the lodge, this item is already picked there is not option. We also have PB&J.

We work off a number system your child is given a number and if there are any problems then we will put their number in the window. Please be aware that the number will appear in the window and it's your responsibility to check and see if there is a problem. Cell service does not always work on the mountain. We will take your cell phone number but it is not a guarantee that we will reach you.

There are no reservations required. We work on a first come first serve basis. We have enough friendly and courteous staff ready to serve your babysitting needs.

We also have a crib area as well as mats and blankets for the older ones. In the nursery we have toys, reading books, coloring books, television, snacks, and have lots of fun.

Your child may come for an hour leave and come back. We are willing to work with you. One thing that we try to avoid is parents coming to check on their children. Separation anxiety is tough for every parent. If we get a child soothed and the parent comes back in then it makes it very hard for the staff as well as the child. Please respect this. You may call 570-421-7231 ext 239 and we would be more than happy to let you know that all is well.

We don't allow parents or caretakers in the nursery. We have friendly courteous staff that will be able to take care of your children. If we allow you to come in the nursery it will make the other children upset that their parents were not allowed in. Most of the staff are parents.

If you have any questions please contact us at 570-424-7231 Ext 239. If you have any problems, questions, concerns you may speak with the supervisor Candice Housel.
